

Recording Studio

The Basics:

Use one of our recording studios to make your own music, record podcasts, or voiceover audio recordings.

What we have:

Studio A

- PreSonus Studio One Software
- Dynamic microphone
- USB Keyboard
- Noise reducing sound panels

Studio B

- PreSonus Studio One Software
- Garageband Software
- Condenser microphone
- Audiobox USB interface

There is an Epiphone electric guitar available for use on a first come, first served basis.

*Users are required to have a photo ID to use a studio and check out headphones and Wi-Fi stick.

Other Details:

Appointments are highly recommended for use of a recording studio. Appointments can be made by phone, in person, or via email. Appointments can be made for up to 4 hours at a time. There is a 20-minute grace period afforded to all recording studio users before your appointment time is forfeited. If you are not able to keep your appointment, please contact the TechZone staff to cancel or reschedule. Studios are limited to 4 users in the room at any time, and all other library rules apply to the recording studios. Please bring a flash drive or other storage device to save any recordings that are created in the studio. Our computers are wiped clean on every restart, so make sure that you save your recordings on a personal storage device to avoid losing any files.
