## INTRODUCTION

This volume presents a unique combination of readings done in the St. Vincent Cemetery in the 1950's with those completed in 2002. The advantage this offers to the researcher is that many of the stones read in the 1950's were no longer legible or even found by 2002. Without this earlier work, part of the information included here would not have been known. The work done in the 1950's was completed by now-deceased Chapter members, Esther Powell and Marilyn Kovatch. The 2002 reading was completed by Marlene Diefendorf and Judy Anne Davis.

Where possible, any information gathered in the earlier readings that was no longer legible in 2002 has been inserted in the appropriate place in the Cemetery Marker Inscriptions found on pages 1-57. Beginning at the bottom of page 57 to page 62, the researcher will find all the earlier readings that could not be confidently placed in the first portion of the book. There is no way to tell today where these stones were located in relation to what is visible today. It is suspected, however, that the majority of them would have been in the oldest part of the cemetery, what has been labeled "Area C" for this volume.

## ABBREVIATIONS

The following abbreviations have been used in the transcription of information found on the gravestones:

c/o = child(ren) of	yrs = years
d/o = daughter of	mos = months
h/o = husband of	das = days
w/o = wife of	

Wherever a name, letter, or number was unclear, the transcriber placed a "?" in the field notes to indicate this. These marks have been included in this volume.

Care was taken by both groups of transcribers to be as accurate as possible. Any errors or omissions found here were unintentional.

## **ST. VINCENT CEMETERY**

*(One mile west of Main Street on the south side of Market Street)*

## Saint Vincent Cemetery

St. Vincent Church was established in Akron in 1835. The first building was located on Green Street in the area of the present St. Vincent-St. Mary athletic field. Soon after Fr. Francis McGann was named pastor in 1850, he purchased the first land for the cemetery near the West Market Street and Merriman Road intersection. Fr. Timothy Mahoney became pastor in 1873; in 1879, he bought the 6-acre tract in the same area that is now the cemetery.

The map below is a copy of the drawing provided by the church office.

**St. Vincent's Cemetery**

To facilitate the reading done in 2002 and provide a means to organize the presentation of inscriptions copied, the transcribers created "Areas" A, B, C, D, E, and F on the cemetery map shown above. You will find that the inscriptions have been organized here according to these "Areas". Anyone going to the cemetery today will find that any lot or section numbers that might have once been visible, are no longer available.

## VETERAN BURIALS

The list of servicemen provided below was compiled from information on gravestone inscriptions as well as the WPA project map of the cemetery and other sources. No further effort has been made to authenticate the information provided.

Caution has been taken when trying to match the veterans listed here with the inscription readings that follow. The spelling of names in the various sources used does not always match, and the information in the inscription is often illegible or missing. Some veterans listed do not have visible headstones that could be found and read. We have done our best to match those on the veteran list to individuals for whom we have inscriptions whenever possible. You will find two page numbers following these names in the index when we have made a match. If we have made errors in this attempt, we apologize.
