## AMAZON SUPERTIRES

Guaranteed to render mileage "satisfactory to the consumer!"

The outstanding feature of Amazon Supertires is the reinforcement for protection against blowouts. This is an extra fabric "breaker strip" built into the side walls of the tire the place where the "traction wave" is generated and where the tire is continually flexing. This side breaker strip binds the tire together, prevents the side walls from overstretching under excessive load or strain, which would so stretch and weaken the fabric as to loosen the plies, resulting ultimately in a blowout.

This super carcass strength and the wear resistance of the tread assure you doubly long mileage at absolutely the lowest cost. Let your next tire be an Amazon.

# Speaking of Skidding

How would it seem not to have to worry about skidding or bother with chains?

Wouldn't it add a whole lot to the pleasure in driving your car on Akron's hills and crowded streets?

The new Mohawk-Keaton Non-Skid Tire will do it positively. We investigated it

nearly two years before deciding to manufacture it. Combined with the well known Mohawk Quality it is a wonderfully effective and economical tire.

Sam S. Miller makes the tires. Our local branch at 32 West Market [opp. Hdw. & Supply Co.] sells and applies them, also sells gasoline, oil, patches, etc.

## Who's your tire dealer?

**Y**OU may not care who you buy tires from, so long as you get the tires you want; that's usually the way. And generally, the tire dealer doesn't care who buys them, so long as he gets the money.

But there's a better way, and the first dealer in Marathon Hand-made Tires you come to will show you the better way. You'll find him as interested in what you're to get for your money as in what you're going to pay him. He's selling tires to you for what there is in it for you, as well as for him.

That's really why he sells Marathon Hand-made Tires.

He knows the difference between a hand-made carefully fashioned tire, and the machine-made, he knows it's a difference in performance.

He knows that you'll both make more profit on a Marathon Hand-made Tire than on the ordinary kind. He knows, ask him.

**POWER TRANSMISSION APPLIANCES, for Belt or Rope Distribution.  
HYDRAULIC PRESSES AND SPECIAL MACHINERY**

Made with 4 or 6 Arms

Falls Friction Clutch Pulleys and Couplings, consist of a combination of mechanical movements, which are the acme of simplicity and strength. All parts stand unyielding, accessible, easily erected and adjusted, made solid or split.

Power may be distributed with rope by two distinct methods, the English or Multiple System and the American, or Continuous System. The English System is usually used in main drives of larger powers, while the American or continuous wrap system, operates successfully from small to large loads and on long or short centers, horizontally, vertically, parallel, or at an angle to each other. On the latter system, the use of Tension Carriages is essential to keep a uniform tension at all times on the rope.

HYDRAULIC PRESSES

SHEAVES

**CAST-IRON PULLEYS**, either Solid or Split, Single or Double Arm Hammered Forgings for Shafting purposes

Complete line of Bearings, made dust-proof, self oiling, ring oiling or for grease lubrication

Member of the Associated Advertising Clubs of the World

Secy-Treas Office, Endicott Building, St. Paul, Minn.

---

## Officers

President, G D W MARCY, Boston, Mass

1st Vice President, H J FARNHAM, New Haven, Conn

2d Vice President, G W OVERTON, Chicago, Ill.

Secretary-Treasurer, THEO. F. SMITH, St. Paul, Minn.

---

## Trustees

WM E. MURDOCK, Boston, Mass

R. L. POLK, Detroit, Mich.

W. H. LEE, New Haven, Conn.

R H. DONNELLEY, Chicago, Ill.

B D ANNEWALT, Cleveland, Ohio.

A. V. WILLIAMS, Cincinnati, Ohio.

J L HILL, Richmond, Va

D. W. BOWMAN, Akron, Ohio

W. G. TORCHIANA, Philadelphia, Pa

W. L. RICHMOND, Yonkers, N Y.

ALVIN H. BOYD, Reading, Pa.

---

The Objects of the Association are as Follows:

**FIRST:** To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

**SECOND:** To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.

**THIRD:** To provide permanent and continuous employment for honest and faithful directory canvassers

**FOURTH** For the mutual advancement of the established and prospective interests of all who may become members of the association.

# AKRON 1917

Akron's annual history is one of continuous prosperity, and of industrial and commercial progress. Its growth is both rapid and stable.

Akron's industrial strength is embraced in its 168 manufacturing plants having an aggregate capitalization of about \$200,000,000, and employing about 67,000 persons, with an estimated payroll for 1917 of about \$48,000,000. The payroll of these factories for 1916 was over \$40,000,000 and the value of their manufactured products totaled \$226,600,000.

The building permits issued by the city during 1916 aggregated \$12,777,036 in estimated cost of new buildings, and \$8,318,395 for the first six months of 1917. There were 2,821 new houses built during 1916. The clearings of Akron's banks totaled \$207,484,000 for 1916, and the deposits in the Akron banks in June, 1917, aggregated \$44,194,000. The receipts of the Akron postoffice for 1916 amounted to \$773,576 and for the first six months of 1917, \$463,976.

Akron is the largest rubber manufacturing center in the world, 21 companies have a daily capacity of over 40,000 tires besides immense quantities of rubber hose, clothing, foot-wear and other rubber goods.

Akron has the largest cereal mills in the country; the most extensive clay product plants in the world, as well as many other important industries.

The city's area is 23 square miles, it has 121 miles of paved streets, and the school enrollment in the spring of 1917 was 22,000 children.

NOTE—We are indebted to Mr. Vincent S. Stevens, secretary, Akron Chamber of Commerce, for the foregoing information.

In connection with this issue we have included a complete census enumeration of Akron and as a result find a total population of 157,812.

Respectfully,

THE BURCH DIRECTORY CO

*R. Burch*

*Handwritten signature*

## THE ENTERPRISING BUSINESS MAN

# BUYS THE CITY DIRECTORY BECAUSE

It is his Best Salesman  
 It is his Daily Benefactor  
 It never asks for a Vacation  
 It never talks back if Abused  
 It keeps him Before the Public  
 It works Sundays and Holidays  
 It never strikes for Shorter Hours  
 It enables him to Deliver the Goods  
 It will Pull Him Out of Any Old Ditch  
 It is On the Job Every Day in the Year  
 It is a Friend of Both Buyer and Seller  
 It is Consulted Every Minute in The Day  
 It does its Work Quietly and Thoroughly  
 Its cost is Small Compared with Service Rendered  
 It is Consulted by Old and Young, Rich and Poor

SAXON MOTOR CARS 216 E. Market St. Bell 4523

# The Bessler Movable Stairway

## MADE IN AKRON

Takes up no space in floor below. Costs less than a stationary stairway. So simple and easy that a child can operate it. Never in the way when not in use. Folds up into the ceiling.

## Real Estate and Insurance

You have watched Akron property grow. Now jump in and get some of it, if only a vacant lot. You will never regret it. Get it somehow, don't wait.

Don't forget to take out some Life Insurance. The younger you are the cheaper it comes. Then when you get along in life you will have something to help you along.
