Thirty-Eight Years of Service

Akron is known as the "Heart of America's Workshop" because it does its job of manufacturing, retailing, transporting and allied activities in the center of the world's greatest industrial area.

Yesterday Akron made the guns, planes and other equipment that helped win a war for freedom.

Today it is manufacturing rubber, synthetics, toys, fishing tackle, books and all the other things that make our American way of life the most comfortable and pleasant in the world.

By serving the community the Akron Chamber of Commerce helps Akron do its job.
