

AKRON BEACON JOURNAL INDEX
(Akron Daily Beacon)

1891

FOREWORD

This selective index of Ohio news and opinion, compiled from the Home Final Edition of the Akron Daily Beacon, is intended as a key or guide and not as a digest or summary. However, the information given will often be found adequate without reference to the newspaper or to the microfilm copy.

Since the New York Times Index covers national and foreign news, such material has been omitted from this index. Other omissions are as follows:

Advertisements

Announcements of routine meetings of social, fraternal, and minor political organizations; announcements pertaining to sports events

Commercial and promotional publicity on topics such as real estate, resorts, and automobiles

Features or columns dealing with trivia, recapitulations of news, or non-news educational topics

Lists which appear regularly such as vital statistics, incorporations, radio programs, time tables, theater schedules, stock and bond quotations, and prices

Non-news items relating to material such as recipes, menus, household hints, budgets, care of pets, care of babies, personal adornment, patterns, fashions, advice to the lovelorn, gardening, games, and hobbies

Poetry and fiction

Reprints

Reviews of burlesque and radio performances

Society personals and minor comings and goings

Touring maps and information

FOREWORD

The Newspaper Index Project is sponsored by the Ohio State Archaeological and Historical Society. The Akron Beacon Journal Index is co-sponsored by the Akron Public Library and the City of Akron.

Acknowledgments are due to the Akron Beacon Journal, the Akron Public Library, and the Ohio State Archaeological and Historical Society for supplying the necessary newspaper files. The Akron Beacon Journal has also contributed importantly in the matter of office space and equipment. The Ohio State Archaeological and Historical Society has supplied valuable technical aid since the inception of the Project

HOW TO USE THE AKRON BEACON JOURNAL INDEX

Index entries are arranged alphabetically under subjects and proper names. In most instances material has been filed under specific rather than under general headings. Examples: Baseball news is under BASEBALL and not under SPORTS; news concerning the New York Central Railroad is under that name and not under RAILROADS or TRANSPORTATION. With few exceptions names of organizations appear under the key word of the name. Examples: NEGRO WOMEN'S CLUBS IN OHIO, ASSN OF: SOCIAL WORK, NATL CONF OF: LABOR, OHIO FED OF. Exceptions: Chambers of commerce, companies, and some well-established names. Whenever necessary, headings are subdivided by geographical and topical subheads. Examples: FRANCE - Politics and Government; SCHOOLS - Ohio - Textbooks.

The proper name or subject heading is followed by a brief descriptive sub-entry and by a reference line. The following arrangement of sub-entries under headings is generally observed: Unrelated sub-entries are paragraphed singly in chronological order. In the case of related sub-entries continuity is maintained by arranging the items chronologically within the same paragraph. In a few other instances, where material is entered only under general headings (e.g., BOOKS, MOTION PICTURES, BIRTHS, DEATHS, MARRIAGES), the sub-entries are arranged alphabetically.

The reference line indicates date, page, and column, Example: N 1, 9:2, meaning November 1, page 9, column 2

When the location of an event is not expressly designated or otherwise indicated under subject, the place of action is local.

HOW TO USE THE AKRON BEACON JOURNAL INDEX

The following are examples of index entries for a person, an organization, and a subject, with reference lines:

SHRIVER, P

Injured when auto overturns, S 26, 1:4

FISH AND GAME ASSN, PORTAGE

Elects officers; L S Myers speaks, Ap 29, 37:2

LABOR

Viewed as having power to abolish war, poverty, and charity, ltr, D 28, 4:5

Cross references are used to direct the reader to the proper headings or to additional material under related headings. Examples:

ABANDONED CHILDREN. See Children

MARRIAGE AND MARRIAGES
