# INTRODUCTORY.

---

In submitting to the public the fifth volume of the AKRON CITY DIRECTORY, the publishers feel confident that it will be received with as much favor as has been accorded to the previous issues.

The present volume shows an increase in the alphabetical portion of the work of 21 pages, while the total number of names is 9,047

After making a liberal deduction to allow for the duplication of firm names, etc., we find that calculating by our usual method, viz, adopting the multiple 3, Akron has at the present time a population of fully 25,000. These apparently large figures are accounted for thus. In making the annual canvas we do not confine ourselves to the corporate limits of the city, as is the custom of directory publishers in other cities, but include the entire suburbs, which contain not only a number of manufacturing industries, but the residences of a great number who work at the various shops in the city, and whom we consider ourselves justified in counting as part of Akron's population. In conclusion, we congratulate our fellow citizens on the continued prosperity of the city, which is everywhere evidenced by the number of new enterprises which have been started within the last year, and the continued activity in building operations. We are contented to let the volume rest on its merits, and take this opportunity of returning thanks for the very liberal patronage bestowed upon the work.

**J. B. CREIGHTON,**

AGENT FOR

**ELLWANGER & BARRY**

Proprietors of the

**Mount Hope Nurseries,**

ROCHESTER, N. Y.

We have much pleasure in offering, through our agents, a complete assortment of Fruit and Ornamental Trees, grown in these Nurseries which were established forty years ago, and are now by far the largest and most complete in the United States, and in the department of Fruits the **Largest in the World.** Over 600 acres are closely planted, and the whole under clean and high cultivation.

The Experimental Plantation of Specimen Trees contain several thousand Standard and Dwarf Trees—a large portion of which are in a bearing state. Several acres are devoted to Specimen Ornamental Trees, Shrubs, Etc. The Plant Houses cover about 30,000 square feet, and are of the most convenient and substantial character.

With all these facilities, abundant capital, and a strong corps of assistants, whom we have mostly taught and trained, we are enabled to cultivate thoroughly and cheaply, and can therefore furnish these trees in large or small quantities on the most advantageous terms. The above cut represents our No 1 Standard, with stem or trunk 3 to 4 feet clear of branches. Standard Apples, Pears, Cherries and Plums have usually this form.

**CAUTION**—We caution the public against persons who are in the habit of using our Catalogues, and representing themselves as our agents, but in reality have no dealings with us. The reputation of our establishment has already been injured in several parts of the country by such parties.

**All our Agents have certificates bearing our signature. Those who have no such certificate are to be regarded as impostors.**

All letters or postal cards will be cheerfully attended to by the agent

*N. B.—I sell for the old reliable Mt Hope Nurseries of Messrs. Ellwanger & Barry exclusively, and do not handle cheap stock of any description from other Nurseries.*

# Young Men and Ladies.

The unexampled prosperity of every department of commerce and manufacture has made an immense and constantly increasing demand for young people

## TRAINED FOR BUSINESS.

When a Merchant or Manufacturer wants a Book-keeper or an Invoice or Shipping Clerk, he will not wait six months for you to fit yourself to take the position. The young man or young woman who is ready steps into it

## AT THE AKRON BUSINESS COLLEGE

You can pursue any one of the following studies or all of them

### BOOK-KEEPING,

PENMANSHIP, DEFECTION OF  
ARITHMETIC, COUNTERFEIT  
COMMERCIAL LAW, MONEY,  
BUSINESS FORMS, RAPID CAL-  
BUSINESS COR- CULATIONS,  
RESPONDENCE GRAMMAR,  
Political Economy, English Branches Phonography,  
LANGUAGES, &c., &c &c , &c

An opportunity is given to pursue these subjects

## IN DAY or EVENING SESSIONS

We teach each subject with reference to its practical uses. Aware that each branch of study may be regarded as a science as well as an art, we bear in mind that it is as an *art*, that we are chiefly concerned with it, and that time is money to most of our students, we therefore aim to prepare our students

### IN THE SHORTEST POSSIBLE TIME

For the employment they wish to enter upon. During the winter of 1882-3 we shall make quite a specialty of Phonography (which we have taught thirteen years) and type writing. Each student is taught separately in most studies and is hence neither driven too fast for the mastery of a subject, nor held back to keep pace with slower students, nor is he embarrassed by his slowness if he cannot at the beginning make rapid progress in the study

PROPRIETOR.

# Farmers. Gardeners, EVERYBODY,

Whether you plant a single paper of Seeds or many bushels, you cannot afford to invest in the commissioned seeds which flood the country, and which are left with every drug, grocery or other store where they will accept them. These seeds are gathered up at the end of each season and sent out again and again, year after year, in the same papers if presentable, otherwise they are cut out, mixed with a little new, repapered and sent out again. It will pay you to

## Buy your Seeds, Garden, Flower and Field

AT THE AKRON SEED STORE

The greater part of the commissioned seeds are of venerable old age, generally badly mixed, and grown from any kind of stocks

The seeds we offer are

## Fresh, Unmixed, True to Name, and of the Finest Quality,

and are our own growth or purchased from growers, importers and dealers who furnish the finest quality that can be obtained and who never send out any seed to be sold on commission. During the past four years we have kept open only from March to September. We have now permanent quarters, and furnish not only Seeds but also a full assortment of

## Vegetable and Bedding Plants, Fruit Trees and Small Fruit Plants and Bulbs for Spring and Fall Planting,

in their season. We have made a further addition to our business by furnishing, as soon as they can be grown in this vicinity, from our own garden and from those of the best gardeners near us,

## Fresh Fruits, Vegetables and Melons,

and are thus warranted in keeping our Store open "all the year round" In short, we mean that

## At the Akron Seed, Plant and Fruit Store,

the citizens of Akron and vicinity shall be able to find or have promptly furnished to order everything in the line of Seeds, Plants and Home Grown Vegetables and Fruits, that are to be found in a well appointed Seed Store, or can be raised in Northeastern Ohio. Our present location is 214 W Market street, just across the street from the old City Mills.

# THE REPORTER.

ISSUED WEEKLY AT CUYAHOGA FALLS, O

## E O KNOX, PROPRIETOR

The Reporter Publishes in Full the Proceedings of The Summit County Horticultural Society, and the Essays Read before that Organization

### "Well Sustained, and Full of Snap and Enterprise"

**PRESIDENT'S OFFICE,**  
Summit County (O.) Agricultural Society }  
It is within my personal knowledge that The Cuyahoga Falls Reporter has a wide circulation among the most intelligent and progressive class of the agricultural community. It has well-sustained agricultural and horticultural departments, and is the equal in snap and enterprise of any paper in this vicinity. I am myself quite largely engaged and interested in agricultural pursuits, and am satisfied that advertisers will find The Reporter a valuable medium for introducing their wares to the public.

S. DICKERMAN, Priest

### "One of the Best Mediums Outside the Large Cities"

**Office of SMITH & CURTISS,**  
Jobbers of Teas, Coffees and Spices, }  
Cleveland, O.

We have advertised in The Reporter for several years and believe it to be one of the best advertising mediums outside of the large cities.

SMITH & CURTISS

### "Efficient as a Medium to Reach the Farming Community"

**TREASURER'S OFFICE,**  
Summit County (O.) Agricultural Society }  
I am well acquainted with Mr. E. O. Knox and his paper, The Cuyahoga Falls Reporter, having had occasion to use his paper an advertising medium, by which to reach the attention of farmers throughout this county, and can cheerfully say that its efficiency as such a medium is good, and I hereby recommend the same to those wishing to reach that class of people.

H. A. PECK, Treas.

### "A Spicy, Newsy Sheet"

**Office of J. C. CASTLE,**  
Attorney at Law and Mayor of Cuyahoga }  
Falls, O.

We use the Reporter extensively for advertising purposes, especially when we want to make anything known. It is equal to telling a thing confidentially to some old lady on a promise to "never say a word about it as long as I live and breathe." The Reporter is a spicy newsy, and sometimes breezy sheet and people read it, "ids" and all.

J. C. CASTLE

### "Reliable Source of Information to Agriculturists"

**Office of NORTHAMPTON UNION GRANGE,**  
Summit County, O.

Having had a constant acquaintance with the Cuyahoga Falls Reporter since its first publication in December, 1870, and believing it to be a reliable source of information to the agriculturists of Summit County, I can cheerfully commend its columns to those wishing to consult their interests in seeking for a good advertising medium.

### "Patronized by Our Most Careful Advertisers"

**Office of W. W. WARNER,**  
Abstracter of Titles, Real Estate & Loan }  
Agent, Akron, O.

I take pleasure in recommending The Cuyahoga Falls Reporter as an advertising medium. It is a well established and live newspaper, finding its way into many localities not reached by others. I find it of great service to me in advertising money to loan, real estate for sale, and my general business as abstracter of titles. I find that some of our most careful advertisers patronize its columns.

**"Enterprising and Progressive"**

OFFICE OF SECRETARY.  
Summit County Agricultural Society }

As Secretary of the Summit County Agricultural Society I have had occasion to use the columns of The Cuyahoga Falls Reporter extensively in advertising our Annual Fairs and have found it to be one of the best mediums for reaching the agricultural community. It is an enterprising and progressive newspaper, and, I believe, will well repay advertisers wishing to reach an intelligent and prosperous class of the community.

I esteem The Reporter, as a medium for reaching the agricultural classes, more highly than any other paper I advertise in.

**"Well Satisfied with My Advertising"**

Office of A C KENDEL }  
Seedsmen, 115 Ontario Street, Cleveland }

I have been well satisfied with my advertising in The Cuyahoga Falls Reporter, especially with the conspicuousness given it, and the neat manner of insertion. The Reporter is the only newspaper outside of the agricultural journals, in which I advertised my seed business this season.

**"Our Advertising Was An Excellent Investment"**

Office of E A PALMER & BRO }

We can say that we consider the advertising you have done and are doing for us as one of the best investments ever made by us. We recommend The Reporter as an excellent advertising medium, knowing it to have an extensive circulation.

Sincerely,

# CUYAHOGA FALLS BUSINESS DIRECTORY.

1882-3.

One of the most beautiful places on the "Blue Grass" route, the C, A & C. R. R., is Cuyahoga Falls, a village of about 3,500 inhabitants, located on the Cuyahoga River.

Cuyahoga Falls has long been noted, not only as a manufacturing center, but also as a delightful Summer resort. In its immediate vicinity are Silver Lake, (vulgarly called Stow Pond) a very popular and pleasant spot for recreation, Gaylord's Grove, which is too well known to require extra mention, and the Cliff House, under the management of Mr. C. E. Kidney.

The Falls abounds in places of interest. The romantic nature will here find scenery to admire, particularly about High Bridge Glens and Caves. Among the manufacturing industries, we would mention the extensive sash, door and blind factory of H. Snyder, The Falls Rivet Co., and the Chas. F. Harrison Company, manufacturers of rivets, the Sewer Pipe Works of Sperry & Rattle, the

Weimer. The village has its complement of mercantile houses, livery stables and general places of business. The Press is represented by the *Cuyahoga Falls Reporter*, a live weekly paper published by E O. Knox, while Fred. H Duffey devotes his attention to job printing. Accommodation for the traveling public may be found either at the Glen, Bouys or Perry House, the landlords of which vie with each other as to who can make their guests most comfortable.
