GENERAL OFFICES,

1100-1113 Second National Building
BOTH PHONES

"THE DIAMOND LIGHT"

Lamps, Lanterns and Light Plants

The Diamond Light is manufactured in many designs to meet varying needs. Burns gasoline or kerosene. These wonderful Lamps operate on less than half the fuel required for one ordinary wick lamp and give almost 100 times more light. Brighter and cheaper than electricity or gas. Give a soft, white 370 candle-power light, easy on the eyes and beautifully brilliant for the home. Absolutely safe as there is no danger even if upset. Easy and simple to operate, and need practically no attention except occasional filling—no wicks to trim, no chimneys to clean. They are smokeless and odorless. Unexcelled for Farm Homes, Cottages, etc.

For Prices and Demonstration call Bell Main 1038

UNIVERSAL RADIATOR SHIELD

EFFICIENT—STRONG—SIMPLE—NEAT

The Universal Radiator Shield will positively keep Walls, Ceilings, Draperies and Furnishings clean by catching and retaining the dust and dirt circulated by the hot air rising from the radiators, and are made strong enough to be used for window seat or shelf.

Universal Shields are equipped with dust-retainers to catch and retain all dust and dirt circulated by the hot air rising from radiators. The shield flange extending from radiator to wall is provided with a felt strip, making a dust-tight joint.

Universal Shields are the "last word" in absolute protection from dirt to walls and draperies, and a positive assurance of saving the cost of shields each heating season. Made to fit any Steam, Vapor or Hot-Water Radiator.

We shall be pleased to show the superior qualities of Universal Radiator Shields.

Note oblong shape of air holes at bottom of Lambert "Trublpruf" Tire

END OF TIRE TROUBLE

A glance shows the Lambert "Trublpruf" Tire gives wonderful mileage. It is equal in wearing to a solid tire. It cannot puncture, blow out or rim cut.

Highly elastic rubber cushions between the base and tread make it as easy riding as a properly inflated cord or fabric tire. The Lambert wears longer, ends tire trouble and is satisfactory in every way. It is the cheapest tire per mile.

Call at the factory, Stop 98 Barberton car line, for a demonstration. Thousands of passenger cars and light trucks Lambert equipped.

Cuyahoga Falls, Ohio

DO NOTS

Do Not put your Directory in an out-of-the-way place, but keep it where you can find it quick.

Do Not think that a Directory is paying for itself unless you use it, any more than an idle dollar or clerk can make you money

Do Not get mad when a customer asks to look at your Directory.

Do Not look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

Do Not forget that an up-to-date city must have a Directory and a merchant that has no Directory is what?

Do Not forget that a Directory borrower today will forget to return it tomorrow and you call him what?

Do Not forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for.
What do you call him?

Association of North American Directory Publishers

Organized November, 1898

Member of the Associated Advertising Clubs of the World

Officers

President, J. MARTIN GARDNER, Toronto, Ont.
 1st Vice President, R L POLK, Jr, Detroit, Mich
 2d Vice President, H A MANNING, Springfield, Mass
 Secretary Treasurer, E J LORANGER 125 Church St., New York

 R. W. LOVELL, Montreal, Can

The Objects of the Association are as Follows:

FIRST. To improve the directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND: To protect the public against fraudulent advertising schemes, operated under the name of directories, and to drive the promoters of such out of the business.

THIRD: To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH. For the mutual advancement of the established and prospective interests of all who may become members of the association.

The Real Meaning of *"Best in the Long Run"*

"BEST IN THE LONG RUN" is a slogan that is almost as old as the history of tires. It grew out of the performance of Goodrich Tires on bicycles, and it grew into the dependability of Goodrich rubber products of all kinds.

It is not just a catch phrase. It is a plain statement of fact.

It is really a mirroring of the confidence placed in Goodrich products by their users. In five words it crystallizes the

ideals, the policies, the principles of Goodrich.

It means "the long run" of good faith and good will—the steady building up of a confidence in the minds of the users, which is the greatest asset a manufacturer can have.

That is how Goodrich translates this slogan into terms of longest average wear, utmost dependability and known quality in all kinds of rubber products.

AKRON, 1922

Akron has weathered the country's and the world's financial storm following the World War, in a manner that shows her industrial, commercial and banking strength, and every citizen should have renewed confidence in the future of our city. Its banks, its mercantile establishments are in excellent condition, and the wheels of its various industries are turning with accelerating speed.

Production of automobile tires during the spring reached a point equal to 85 per cent of the peak output of April, 1920, and with the automobile manufacturers turning out new machines at a rate surpassing all previous records, the prospects for the tire industry in Akron are very encouraging

According to figures published by the National Automobile Chamber of Commerce, there were 10,448,632 automobiles in the United States at the beginning of 1922, which was an increase of 13 per cent over the previous year. If the growth during 1922 equals this, there will be more than 11,000,000 machines in the country requiring tires made in Akron, which indicates plenty of work for Akron workingmen

New building is increasing steadily, as shown by the records of building permits issued. Postoffice receipts show a healthy increase, and receipts in April were exceeded by only two months during the city's history. Bank deposits are also showing a steady increase.

Akron is taking a decided stride forward in securing several new industries of diversified character during 1922. Three of these when their plants are completed will represent an outlay of more than a million dollars, and will give employment to about five hundred persons. These successful first steps toward diversifying Akron's industries augur well for the industrial future of this city

NOTE—We are indebted to Mr. Vincent S. Stevens, Secretary of the Akron Chamber of Commerce, for the foregoing.

Akron's population at this time being of more than usual interest, we have taken special care to count all individual names appearing in the alphabetical list and as a result find a total of 85,705. Multiplying this number by 2 to cover women and children not included in the count, would indicate a present population of 171,410, this we believe is a very conservative estimate.

By a similar count and estimate, Kenmore shows a population of 10,328, Barberton, 16,724, and Cuyahoga Falls, 9,494

Respectfully,

Akron's Great Tire

The Talk of the Tire Town

Everybody in Akron knows General Tires They know that what you get out of them has crowned them—Akron's great tire.

Taxi drivers there will tell you how many miles their General Cords have made—show them to you—brag about them. And almost everybody who isn't under obligation to some other tire factory uses General Tires—because they know the men who make them, the materials that go into them and the miles that you can get out of them.

*Buy the Tire that's the Talk of the
Tire Town*

Get a General today—and let it roll
alongside of any other tire in the world
It will repay you in extra mileage—
longer service—more satisfaction.

THE **GENERAL**
CORD TIRE

—goes a long way
to make friends

*Built in Akron
Ohio, by
The General Tire
and Rubber Co.*

If only
he knew
where to
look

Lots of folks hunt the hard way for information that is *right at hand* if they knew where to look.

They buy with part knowledge of those who sell, they guess at addresses, they waste postage and misspell names.

* * * all of which might be avoided by learning how to use the scientific compilation of information in the *City Directory*.

POSTAGE RATES

Domestic Matter—First class, letters and all written or sealed matter two cents per ounce or fraction thereof Postal cards one cent Second class, entered newspapers and magazines, one cent for four ounces or fraction thereof Third-class, books, photographs and printed matter generally, one cent for each two ounces or fraction thereof Parcel Post includes Books and all Merchandise with rates according to zone All Parcel Post matter should be brought to Postoffice or Station

Registry Fee—Ten (10) cents

To insure proper rating of doubtful mail matter, it should be brought to the Postoffice

Foreign Rates—Postal Union Countries only Letters and all sealed matter, five cents for first ounce or fraction thereof and three cents for each additional ounce (except in England, Ireland, Scotland, Wales, and France [if by boat direct] where the rate is two cents same as domestic) Newspapers, periodicals and photographs, unsealed, one cent for each two ounces or fraction thereof

Advise your correspondents of your street address, and request that they so direct your mail This insures prompt delivery and prevents mistakes

By placing your name and address on the upper left-hand corner of the envelope you will receive the letter back if it is not delivered

Report all irregularities in the handling of your mail to the Postoffice

Postoffice open for dispatch of mail day and night

Pasteurizing Has a Meaning

IT INSURES THE HEALTHFULNESS OF YOUR MILK
AND UNLESS PROPERLY DONE IS VALUELESS

This daily recording thermometer record shows the time and temperature at which our milk was pasteurized.

It insures you that the milk is PASTEURIZED, that is, HEATED TO 140 DEGREES AND HELD 30 MINUTES.

ADD-A-ROOM

WITH THE

Bessler Movable Stairway

MADE IN AKRON

Eliminate that garret stairway and put that upper hall space into use. It can easily be done, with a saving in lumber and labor, by installing a Bessler. Simplicity itself to operate and install, neat in appearance and strongly built. A practical and satisfactory modern space-saver. You will be interested in our catalog and price list. Write today for them.

Takes up no space in floor below

Costs less than a stationary stairway

So simple and easy that a child can operate it

Never in the way when not in use

Folds up into the ceiling

FOR FURTHER DETAILS OALL
