It Is the Only

Advertising that is not "hit or miss" from the fact that it can always be found when wanted.

Advertising medium that has no competition and is used by practically the whole community and is not used for kindling purposes a short time after issued—nor is it read once and thrown away.

It Is the Only

Advertising which is on the job 365 days in a year and, in many establishments, 24 hours a day.

It Is the Only

Advertising medium where you can advertise your goods with absolute certainty that the public can find this information when desired.

It Is the Only

Advertising medium where you would look and expect to find what you want when you want it.

It Is the Only

Advertising medium that represents every business house in the City, and to omit your sign therefrom is like neglecting to place your sign in front of your place of business.

If only
he knew
where to
look

Lots of folks hunt the hard way for information
that is *right at hand* if they knew where to look.

They buy with part knowledge of those who sell; they
guess at addresses; they waste postage and misspell names

* * * all of which might be avoided by learning how to use the
scientific compilation of information in the *City Directory*.
