"THE DIAMOND LIGHT" Lamps and Lanterns

The Diamond Light is manufactured in many designs to meet varying needs. Burns gasoline or kerosene. These wonderful lamps operate on less than half the fuel required for one ordinary table lamp and give about 100 times more light. Brighter and cheaper than electricity or gas. Give a soft, white, 200 candle-power light, easy on the eyes and beautifully brilliant for the home. Absolutely safe, as there is no danger even if upset. Easy and simple to operate, and needs practically no attention except occasional filling—as wide to trim, no adjustment to clean. They are handsome and enduring. Recommended for Farm Homes, Cottages, Etc.

For Prices and Demonstration call Bell Main 1038

END OF TIRE TROUBLE

A glance shows the Lambert "Trublpruf" Tire gives wonderful mileage. It is equal in wearing to a solid tire. It cannot puncture, blow-out or rim-cut.

Highly elastic rubber cushions between the base and tread make it as easy riding as a properly inflated cord or fabric tire. The Lambert wears longer, ends tire trouble and is satisfactory in every way. It is the cheapest tire per mile.

Call at the factory, Stop 98, Barberton car line, for a demonstration. Thousands of passenger cars and light trucks Lambert equipped.

THE CITY OF OPPORTUNITY

RECORDS

The completion and starting of numerous civic improvements during the past twelve months, marks it as a year of most distinct progress for Akron. Notable among the completed projects are the North Hill Viaduct, which besides fulfilling a long felt traffic need, has added a new dignity to the city, and provides a splendid new gateway to travelers from the north and east. The widening of West Market Street, the starting of the State Street Viaduct, an agreement reached for beginning the work of eliminating grade crossings on the main lines of the railroads through the city, and plans completed and sites selected for the new City Hall, are most important projects for the immediate future. The city's program of street improvement and trunk sewer construction, which is being pushed rapidly, makes another most important feature of the city's proper development.

The building of the court house annex, new schools, two office buildings in the downtown section, and the opening of several new mercantile buildings of the very first order, have gone toward making a worthy record in building permits, which during the first nine months of 1923 aggregated \$5,886,619 or 29 per cent more than the total for the entire year in 1922. The records show that permits for 487 dwellings were included in the total.

Akron postoffice receipts for the first nine months of 1923 totaled \$862,607 as compared with \$781,829 for the same period last year, a gain of 10 3 per cent.

Bank clearings reached a total of \$266,645,000 for the nine months ending September 30, 1923, an increase of 15.6 per cent over the same period one year ago.

Several new and important industries have recently been added to the list of Akron factories, substantially increasing the diversity of Akron made goods.

Automobile registration in the United States now stands at 13,048,128 as compared with 10,863,744 a year ago, and a production of 4,000,000 new cars during the coming year is predicted. These figures promise continued business for our tire factories, and continued prosperity for Akron people and business interests.

NOTE *The foregoing furnished by The Akron Chamber of Commerce*

As in former issues, we have counted all individual names in the alphabetical list and as a result find a total of 92,882. Multiplying this number by two (2) to cover children under 15 years of age and married women, not included in the count mentioned, would indicate a total population of 185,764, showing a gain of 14,354 since our last issue.

By a similar count and estimate, Kenmore shows a population of 11,558; Barberton, 18,472; Cuyahoga Falls, 9,668.

THE
GENERAL
 CORD TIRE

—goes a long way to make friends

That owners look on the GENERAL Cord as a tire which enhances the beauty of their cars—that they enjoy its comfort—and that they take as much pride in its name as they do in the make of cars they choose—is perhaps quite as important as its reputation for giving unusually long service.

POSTAGE RATES

Domestic Matter—First class, letters, and all written or sealed matter, two cents per ounce or fraction thereof. Postal cards one cent. Second class, entered newspapers and magazines, one cent for four ounces or fraction thereof. Third class, books, photographs and printed matter generally, one-cent-for-each-two-ounces-or-fraction thereof. Parcel Post includes Books and all Merchandise with rates according to zone. All Parcel Post matter should be brought to Postoffice or Station.

Registry Fee—Ten (10) cents

To insure proper rating of doubtful mail matter, it should be brought to the Postoffice.

Foreign Rates—Postal Union Countries only. Letters and all sealed matter, five cents for first ounce or fraction thereof and three cents for each additional ounce (except in England, Ireland, Scotland, Wales, and France [if by boat direct] where the rate is two cents same as domestic). Newspapers, periodicals and photographs, unsealed, one cent for each two ounces or fraction thereof.

Advise your correspondents of your street address, and request that they so direct your mail. This insures prompt delivery and prevents mistakes.

By placing your name and address on the upper left-hand corner of the envelope you will receive the letter back if it is not delivered.

Report all irregularities in the handling of your mail to the Postoffice. Postoffice open for dispatch of mail day and night.

ADD-A-ROOM

WITH THE

Bessler Movable Stairway

MADE IN AKRON

Eliminate that garret stairway and put that upper hall space into use. It can easily be done, with a saving in lumber and labor, by installing a Bessler. Simplicity itself to operate and install, neat in appearance and strongly built. A practical and satisfactory modern space-saver. You will be interested in our catalog and price list. Write today for them.

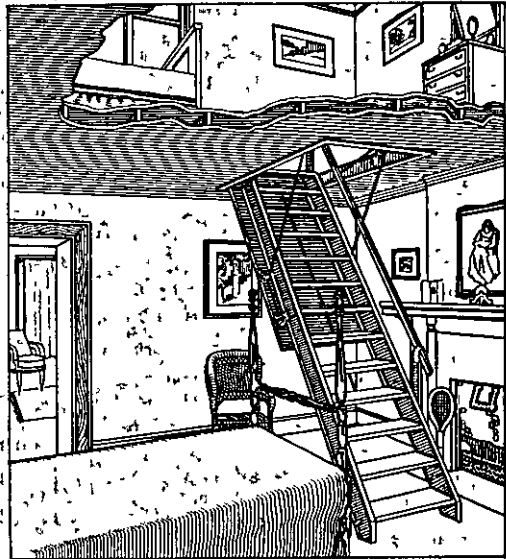

Takes up no space in floor
below

Costs less than a station-
ary stairway

So simple and easy that a
child can operate it

Never in the way when not
in use

Folds up into the ceiling
