## "THE DIAMOND LIGHT" LAMPS AND LANTERNS

The Diamond Light is manufactured in many designs to meet varying needs. Burns gasoline or kerosene. These wonderful Lamps operate on less than half the fuel required for one ordinary wick lamp and give almost 100 times more light. Brighter and cheaper than electricity or gas. Give a soft, white 300 candle-power light, easy on the eyes and beautifully brilliant for the home. Absolutely safe, as there is no danger even if upset. Easy and simple to operate, and needs practically no attention except occasional filling—no wicks to trim, no chimneys to clean. They are smokeless and odorless. Unexcelled for Farm Homes, Cottages, Etc.

# THIS DIRECTORY IS THE PRODUCT OF THE BURCH DIRECTORY CO.

A Member Of The  
**ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS**

Thus assuring patrons the ultimate service that skill and care can produce in the way of City Directories, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association in 1898, and strictly adhered to since that date, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the Directory.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found and the Directory be made to serve its fullest use as a business and

social reference and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

# AKRON 1928

Akron in 1928 is setting a new and improved stride in its civic, commercial and industrial growth. With bonds authorized and plans going actively forward for the acquiring of a municipal airport, Akron is now in line to participate in the coming developments along aviation lines. The inauguration of air mail service for Akron in July is expected to be followed by the establishment of the Zeppelin industry here later in the year.

The year 1928 has witnessed the opening to public use of the Exchange Street viaduct as part of the first section of the railroad grade elimination system, the construction of the new and beautiful Postoffice building, and further advancement of plans for a new union station. Noteworthy changes in the downtown department store section have also occurred which together with theatre and other building projects, forecast Akron's promotion to the metropolitan class city.

The following are salient facts in regard to the city's growth and prosperity:

Akron with a population of 227,232 is the 32nd city in the United States in size, but tenth in value of manufactured products and second in Ohio, according to the 1925 United States Census of Manufactures.

Akron is the world's largest rubber manufacturing center, consuming annually nearly 40 per cent of the crude rubber production of the entire world, and producing about 55 per cent of the rubber tires made in the United States.

Akron's 187 manufacturing plants in 1927 gave employment to 62,018 persons and produced goods valued at \$603,519,000. These include in addition to the rubber industry, the largest rim plant, fishing tackle factory, and one of the largest cereal mills in the United States, and important clay, zinc oxide, sulphur, salt and rubber equipment factories.

Akron's eleven banks had deposits November 1, 1927 totaling \$94,603,327, and total debts for 1927 of \$1,203,780,000. Its five railroads carried inbound and outbound freight in 1927 totaling 6,576,049 tons.

Akron's new building construction in 1927 totaled in valuation \$20,392,367, representing 5,820 separate building permits.

Note—The foregoing furnished by the Akron Chamber of Commerce.

For the benefit of those interested in the growth and advancement of Akron and other territory covered by this Directory, we have made a careful count of all individual names with the following result:

Akron, 113,616, Kenmore, 7,928, Barberton, 11,530, Cuyahoga Falls, 8,889. Using the multiple 2 to cover children under 15 years of age, and married women not included in the above figures, would indicate a present population as follows:

Akron, 227,232, Kenmore, 15,856, Barberton, 23,060, Cuyahoga Falls, 17,778, making a combined total population of 283,926, which in reality is Greater Akron.

We sincerely hope the good people of Kenmore, Barberton and Cuyahoga Falls will soon realize that it will be to their interest, individually and collectively, to join and become citizens of Akron instead of remaining on the sidelines and denying themselves the pride and pleasure of citizenship in the best known little city in the world.

The publishers take this opportunity to thank all who have assisted in the preparation of this work, also the public-spirited business and professional men for their continued financial support.

SPECIAL  
CLASSIFIED  
Business and Professional  
Department  
OF THE  
AKRON CITY DIRECTORY  
1928

---

The prime object of a City Directory is to *serve and direct*. This department, however, is devoted especially to directing the Buyer to the Seller, in brief, a business lubricator. In a bustling, growing city like Akron the need for such convenient reference is very great, and the appreciation is evidenced by the wholesome list of business representations in the pages which follow.

---

We wish to call attention to our Directory Library, consisting of City Directories from all parts of the United States, and some of the more important Canadian Cities. These Directories are for the use of our Patrons and the public in general. This service is free.

## NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

## LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

## The City Directory

is the most effective and economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The *Classified Lists* in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want, when you want it.

## CAUTION

Deal only with well-known publishers when giving orders for Directory Subscription or Advertising.

Read All Orders Carefully Before Signing, and do not sign duplicate "vouchers," as they are frequently used fraudulently.

Pay No Money in Advance. All well-known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

## NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

## LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

### More Than a Catalog

Shows truthful illustrations of all the principal fresh and salt water game fish with reliable information about habits, where found, what they feed on, food value, heaviest fish of each kind on record caught and Pfluegers' recommendations for tackle to use in catching

Every fisherman should have a copy Even the old timer of long experience will find something new, vital and helpful This is a book of real, practical, helpful information about fish and fishing

Pocket Catalog No 148

### Filled With "Tips" From Old-Timers

For the Novice as well as the Expert The new pocket edition not only describes and illustrates (many in natural colors) a piece of tackle for every kind of fishing, but gives many helpful hints from experienced fishermen on the best ways of using each

You need Pfluegers' Pocket Catalog right now Write us and we will send your free copy at once

### The Medal of Honor

The highest award given for Fishing Tackle at the Sesqui-centennial International Exposition, Philadelphia 1926, was awarded Pflueger Fishing Tackle for *Excellence of Quality, Complete Assortment and Serviceability*

# Advertising Akron

Copies of the Akron City Directory are placed in Directory Libraries throughout the United States and Canada. The publishers are doing everything possible to broadcast Akron as a most desirable business and residential city. This is made possible by the liberal co-operation of the public spirited citizens as reflected by the fine display of advertisements.

### Super-Service Tires

Modern cars and modern traffic conditions—four-wheel brakes—speed—short stops—all demand a better tire India SUPER-SERVICE are the best tires ever built—that's our challenge, and it is some statement. They cost more, but the smiles that come with the miles and miles, say they are WORTH it. Every man who tries them says so SUPER-SERVICE tires are for the discriminating—for the owners of cars who can afford the best and who want nothing short of the best.

SUPER-SERVICE tires are the finest money can buy and our tire service is designed to match them in quality

# THE NEW MOHAWK FLAT TREAD SPECIAL BALLOON

An epochal advancement in balloon tire construction. Built expressly to withstand the terrific and unusual strains imposed upon tire equipment by the quick starting, flashing pick-up, greater speed and sudden four-wheel braking of the modern automobile.

Now you can enjoy distinctive beauty, superb comfort, improved traction, greater safety and slower, more even tread wear to a degree beyond previous possibility and at a reasonable cost which will be as much of a revelation to you as the beauty and performance of the tire itself.

Note how the long, powerful supports (2) at the edges of the tread distribute the flexing up into the sidewalls (3) eliminating possibility of ply and tread separation which have been so destructive of previous types of flat and semi-flat balloons.

## NATIONAL ADVERTISERS

Are coming more and more to realize that newspaper or magazine publicity brings better returns when coupled up with an advertisement for the local agent in the city directory. Put "See the city directory for our local agent" on all your advertising and see to it that he is listed under all the classifications of your line.

## LOCAL ADVERTISERS

Will improve their sales of nationally advertised products if they can induce their supply house to advertise in the above manner.

The Mark  
of Leading  
Tire Stores  
Everywhere

A reputation for quality is a hard-earned asset. It must be proved and re-proved until people know its truth.

The General Tire enjoys that spontaneous acceptance because of its long association with top quality in the public mind.
