# FOREWORD

The Burch Directory Co., publishers of the Akron City Directory for over sixty (60) years, herewith presents the 1931 edition and Volume 50, feeling assured that it will meet the approval of all who have occasion to consult its pages and wealth of information.

This Volume embraces Eight Major Departments, as follows:

**The Miscellaneous Department**, pages 11 to 30, presents a variety of information, such as City and County officials, Churches, Schools, Fraternal and other organizations.

**The Classified Advertising Department**, on pages 35 to 194, printed on goldenrod paper, contains the advertisements of leading merchants and manufacturers.

**The Legal Department**, found on pages 39 to 46, and printed on blue tinted paper, contains the professional cards of most of the leading attorneys at law (Lawyers) and signifies without question their faith in publicity and service such as the City Directory has to offer.

**The Directory of Householders, or Street Directory**, printed on pink paper, appears on pages 203 to 532 and gives the names and location of all streets and street numbers with name of the principal occupant—head of the family or firm, as the case may be—opposite each number, as well as the names of all streets intersecting, printed in bold face type

**The Alphabetical List of Names (Akron)** of all persons over 15 years of age, business firms and corporations, is included in pages 533 to 1493

**The Classified Business Directory (Akron and Cuyahoga Falls)** is included in pages 1494 to 1581. This department lists the various manufacturing, mercantile and professional interests under their appropriate headings and constitutes an invaluable feature for buyer or seller, or anyone wishing certain kind of service. More goods are bought and sold, and more business transacted through the Classified Business section of the City Directory than through any other medium.

**Barberton Department**, Miscellaneous, Street Directory, Alphabetical List and Classified Business Directory follow on pages 1582 to 1835 inclusive

**Cuyahoga Falls Department**, from pages 1836 to 1965, Miscellaneous, Street Directory and Alphabetical List, constitutes the final pages in this interesting volume.

Not content with local publicity for Akron, the publishers send copies of this Directory to the various Directory Libraries throughout the United States and Canada, where they are available for free public reference, thus broadcasting Akron in the best manner possible. These books are donated by the publishers and postage or express charges on same are prepaid, all of which is a part of the local Directory Service. Advertising in the City Directory is now National Advertising as well.

As to the matter of population, and for the benefit of those who consult the Directory for this information, we are pleased to submit the latest (1930) Federal Census figures:

Akron	255,040
Barberton	23,932
Cuyahoga Falls	19,797

We hereby extend our sincere thanks to all patrons and citizens for their generous patronage and co-operation in making this work possible

Respectfully,

THE BURCH DIRECTORY CO.

**Foreign Country Postage Rates**—Letters 2 cents for each ounce or fraction thereof to the following countries. British West

Indies, Canada, Cuba, Dutch West Indies, Dominican Republic, Great Britain and Northern Ireland, Haiti, Irish Free State, Mexico, Newfoundland, New Zealand, Spain, all of Central and South American countries except Dutch and French Guiana

**Post Cards:** 2 cents to the following countries. British West Indies, Dutch West Indies, Great Britain and Northern Ireland, Irish Free State and New Zealand 1 cent each for the following countries. Canada, Cuba, Dominican Republic, Haiti, Mexico, Newfoundland, Spain and all Central and South American countries except Dutch and French Guiana

To all other Foreign Countries, letters 5 cents for the first ounce and 3 cents for each additional ounce or fraction thereof. Postal Cards, 3 cents each

**Printed Matter,** including newspapers, to all foreign countries, 1 cent for each two ounces or fraction of two ounces

**Parcels:** Rates and conditions vary to different countries. Call at the Postoffice for information desired

**Aids to Proper Mailing:** Write name and address plainly and completely. Place name and address of sender on all matter. Prepay postage fully on all letters and parcels. Use street and number in return address on your envelope and also on stationery. Always address mail for city delivery to street and number and request correspondents to do the same. Use designation, North or South, East or West when it is a proper part of the address and thus save delay in delivery. Insure valuable parcels. Wrap parcels in heavy paper, use strong cord or twine and tie knots securely. Do not use odd or diminutively sized cards or envelopes. Avoid the use of the word "City" as a part of the address, always use name of the destination city. Avoid abbreviation of state names, Pa, Ia and La frequently look very much alike when written. It is hard to distinguish between Me, Mo, Md and Ind. It is almost impossible to tell the difference between Cal and Col as abbreviations used for California and Colorado. Calif and Colo are safer

You will often gain a day's time in delivery by depositing mail as soon as it is ready

Printed schedules showing the hours of closing at the Postoffice and the time in transit between all the large cities in the United States may be obtained upon application at the main Postoffice, corner Market and Prospect Streets.

## ACID PROOF CHEMICAL STONEWARE

**THE TREND IS ALL TOWARDS "U. S. STONEWARE"**

A larger tonnage of "U S STANDARD" Chemical Stoneware was produced and sold in 1930 than in any previous year since the founding of the Company in 1865. This outstanding record was achieved in spite of the fact that the year 1930 showed the second lowest business index during this 65-year period.

We are justly proud of this accomplishment and offer it as definite proof of our leadership in the World's markets among users of Chemical Stoneware.

Such acceptance could only have been brought about by superlative quality, fair prices and honorable dealing.

Let us send you data on our guaranteed Acid-Proof Chemical Stoneware Piping, Tanks, Jars, Laboratory Sinks, Acid Brick, Acid-Proof Cement, Acid Pumps, Jar Mills, Ball Mills, Mixers, Etc.

## To Think About

### *For the Advertiser and the Consumer*

**D**O YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also Something Worth Remembering.

**FISHING TACKLE**

Leaders Since 1864

### More Than a Catalog

Shows truthful illustrations of all the principal fresh and salt water game fish with reliable information about habits, where found, what they feed on, food value, heaviest fish of each kind on record caught and Pfluegers' recommendations for tackle to use in catching.

Every fisherman should have a copy. Even the old timer of long experience will find something new, vital and helpful. This is a book of real, practical, helpful information about fish and fishing.

Pocket Catalog No 151

### Filled With "Tips" From Old-Timers

For the Beginner as well as the Expert. The new pocket edition not only describes and illustrates (many in natural colors) a piece of tackle for every kind of fishing, but gives many helpful hints from experienced fishermen on the best ways of using each.

You need Pfluegers' Pocket Catalog right now. Write us and we will send your free copy at once.

### The Medal of Honor

The highest award given for Fishing Tackle at the Sesqui-centennial International Exposition, Philadelphia, 1926, was awarded Pflueger Fishing Tackle for *Excellence of Quality, Complete Assortment and serviceability*.

## YOUR HEATING SYSTEM

is the most important part of  
your home

Your verdict in the selection of a Heating Plant is, we believe, the most important decision you will make in choosing the equipment of your home.

WHY?

Because it determines the health and comfort of your family. Ask our heating engineer to give you the benefit of his science. This places you under no obligation, and secures you the services of an expert.

We also do Repairing.

## Advertising Akron

Copies of the Akron City Directory are placed in Directory Libraries throughout the United States and Canada. The publishers are doing everything possible to broadcast Akron as a most desirable business and residential city. This is made possible by the liberal co-operation of the public spirited citizens as reflected by the fine display of advertisements.

AIR COOLED  
AIR CUSHIONED  
TRIPLE TREAD TIRES

**Tread No. 1**  
The first, anti-skid tread is alone, deeper than the anti-skid tread of any other tire.

**Tread No. 2**  
As the first tread wears away a second cleated, positive anti-skid tread design appears.

**Tread No. 3**  
And then comes a third cleated, efficient anti-skid tread. Three anti-skid treads, three times the anti-skid mileage of any other tire made

A forced draft of air through the holes cools the tire. The holes also provide air cushion tread

# The Blow-out Proof Tire

---

. . . Sweeps aside all  
standard air pressures

So unique—so different is the patented construction of the Dual-Balloon, it lets you enjoy tremendously reduced air pressure. The result is smooth, luxurious riding ease, with softer, safer non-skid.

This ability to run at extreme low pressure is the real acid test of safe tire construction. It gives you an easy way to distinguish the Blowout-Proof tire from any substitute:
