

# The City Directory

Represents  
Conditions

Today—

History

Tomorrow

The men who direct the affairs of the city and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the world as no other publication does or can do.

It is the logical means of publicity in advertising the city, its industrial, commercial and social advantages.

Patronize the City Directory and you automatically boost your own business.

The sign over your door is a mighty good investment, but just consider how much "mightier" investment the Directory offers you.

THINK IT OVER!

# Advertising Akron

Copies of the Akron City Directory are placed in Directory Libraries throughout the United States and Canada. The publishers are doing everything possible to broadcast Akron as a most desirable business and residential city. This is made possible by the liberal co-operation of the public spirited citizens as reflected by the fine display of advertisements.

 OF THE  
**AKRON CITY DIRECTORY**

---

This section of the Directory contains the Advertisements and Professional cards of the more progressive business men, classified according to their respective line of business or profession. In brief, they are the men who are making business and history for Akron. Patronize them and you will be sure of a square deal.

---

We have on file in our Directory Library every issue of the Akron City Directory, beginning with the 1868 edition, down to the current issue. These volumes contain a wealth of information concerning the people who were listed in the Directory during the past 70 years.

Persons listed in the earlier Directories are now only memories, but their listings in the Directory remain the same as when they were here in person.

These rare volumes, as well as hundreds of current Directories of other cities, are available for public reference, without cost,—just a part of our service.

## FOR SAGGING FLOORS.

Sagging floors cause serious depreciation—the longer neglected the worse it gets. The new Adjusta Post is made of new heavy steel and has a lifting power of over 20 tons. The Adjusta-Post Co. is the only firm in Akron that provides a complete service in this line.

The easiest, safest and cheapest way to remedy sagging floors permanently.

Call HEMlock 7614 or BLackstone 3833 and our Representative will call without obligation.

## An Ideal Address . . . First-Central Tower

The 28-story First-Central Tower is the largest, newest, most up-to-date office building in Akron. This fact enables us to give tenants the utmost in comfort, convenience and service.

The building stands at Akron's busiest corner, where the most clients and customers are. An address in it is assurance that your location is universally known, and easily reached. And eight elevators take customers to you without delay.

All offices are light, airy and as commodious as desired. Those on the higher floors are free from the noises of the street, an advantage desired by many. For further information, please telephone, write or visit the Building Manager at Suite 400.

## NAMES APPEARING IN BOLD FACE TYPE

IN THIS DIRECTORY are those of people who ACCOMPLISH THINGS, and are entitled to favorable consideration, if for no other reason than their public-spirited support of measures which make for progress. They represent that ENERGY AND PUSH so essential to the commercial prosperity of the City, and in dealing with them no mistake will be made. The publishers are honored in thus making them better known to the public.

**BOTH  
PUNCTURES  
AND  
BLOWOUTS**

*with the Amazing NEW*  
**Seiberling  
"Bulkhead"  
the SEALED-AIR  
Safety Tube**

#### PUNCTURE TEST

Driven time after time over this "torture road", a set of Seiberling "Bulkhead" Tubes was punctured 2,498 times without going flat.

*These huge, sharpened "blowout spikes" ripped open holes that would blow a tire instantly . . . but because of "Bulkhead" Tubes, there was no blowout!*

The punishment this amazing new "Bulkhead," the SEALED-AIR Tube will stand—without a blow-out or a flat—is almost unbelievable! There's never been a safety tube like it before. It gives you double protection against punctures and blowouts because of its patented bulkhead construction.

If a spike, a sharp piece of glass, or an internal tire break cuts this tube, the plastic gum within the bulkhead seals the injury—resists the sudden release of air that is called a "blowout."

If one of your tires should pick up a nail, you can drive on and on without a flat. The plastic gum in the bulkheads seals the hole *while you drive!*

## SEIBERLING RUBBER CO.

AKRON, OHIO

**SIMILAR TO BULLET-  
SEAL TUBES USED ON  
U. S. ARMY VEHICLES**

Seiberling "Bulkhead" Tubes are very similar in construction to the Bullet-Seal tubes manufactured by Seiberling for hazardous use in tires on Army scout cars, cabs, sons, gun carriages, and combat cars. In "Bulkhead" tubes you get this same top quality that the U. S. Government demands and gets of Seiberling.

**WIDE AWAKE**  
**BUSINESS MEN**  
*Appreciate and Patronize their*  
**CITY DIRECTORY**

# THIS DIRECTORY IS THE PRODUCT OF THE BURCH DIRECTORY CO.

A Member Of The  
**ASSOCIATION OF NORTH AMERICAN DIRECTORY PUBLISHERS**

Thus assuring patrons the ultimate service that skill and care can produce in the way of City Directories, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association in 1898, and strictly adhered to since that date, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledge himself:

1. To consider, first, the interest of the user of the Directory.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found and the Directory be made to serve its fullest use as a business and

social reference and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

# SOMETHING

## To Think About

### *For the Advertiser and the Consumer*

**D**O YOU REALIZE that an Advertisement in the City Directory is a Testimonial to the Permanency and Stability of the Advertiser?

A City Directory Advertiser is the logical one to patronize. This permanency and stability is your assurance of a square deal in buying merchandise or having work done.

"FLY-BY-NIGHT," "FIRE SALE," "GET-RICH-QUICK," and other temporary concerns, rarely appear, or advertise, in the City Directory.

It is a noteworthy fact that 90% of the City Directory Advertising is renewed from issue to issue.

There are dominant factors connected with City Directory Advertising: first, the low cost and staple publicity it affords, locally and nationally; second, this co-operation and patronage is wholly responsible for the very existence of the City Directory.

The modern City Directory is a wonderful asset, credit and benefit to the community it represents. In turn, that which benefits the community, automatically benefits the Advertiser.

Judicious Advertising is always a good investment, and City Directory Advertising, cost considered, renders larger returns than any other medium. In connection with the complete Classified Business section, it is doubly effective.

While we have offered you "Something to Think About," it is also Something Worth Remembering.

THE BURCH DIRECTORY CO.
