

# GENERAL FUND INFORMATION 2007 THROUGH 2015

\* Note: The increase in 2015 Salaries & Benefits is primarily due to the timing of a 27th pay date falling within the 2015 calendar year. The Library utilizes a regular bi-weekly pay schedule. In most years this results in 26 pay dates during a calendar year. In 2015, however, there were 27 pay dates during the year. This timing issue occurs approximately every 8 to 9 years.
