### Administrative/biographical history

The Home and School League of Akron, Ohio was founded by Mrs. C. W. Seiberling in 1911, and she served as the league's first president. The league divided its operation into districts within the city and was affiliated with the state and national parent-teacher organizations. The name was later changed to the Akron Council of PTAs. The object of the organization was to "improve conditions of child life in Akron by uniting teachers, parents, and all persons interested in improving the moral, intellectual and physical welfare of the children and by securing for them proper surroundings and conditions in the schools, homes and communities."
